

Q.P. Code: 13DDAS01

(For the candidates admitted from 2013 onwards)

DIPLOMA IN ACUPUNCTURE SCIENCE
EXAMINATIONS, MAY 2015

Introduction to Human Anatomy and Physiology

சிலந்தி மய; கவக; சிலய;

Time: Three hours

Maximum: 100 marks

Answer any FIVE questions
All questions carry equal marks

(5 × 20=100)

1. Explain how the energy is transformed and distributed in our body.

ek; சிலய; VwgLk; rfj p c Ukhwwk; kwWk; rfj p gukhwk; gwwp
tjsfFf.

2. Explain in detail about the Anatomy and Physiology with respect to Acupuncture.

mfFgAru; சிலய; kwWk; சிலந்தி மய; gwwp tμthf tjsfFf.

3. Explain how the digestion process takes place in our body as step by step procedure.

ek; சிலய; VwgLk; brukhdj j pd; gyBtW eji yfi s tjsfFf.

4. With diagrams explain in detail about the locations of the following organs in our body.

- (a) Kidney
(b) Gall bladder

fBH bfhLffggL Lss ekJ c l y; c Wggfspd; mi ktj j j
bj spthd gl AfS l d; tptup
(m) rjWeBfk;
(M) gj j gi g

5 With neat diagrams explain in detail about the locations of the following organs in our body.

(a) Stomach

(b) Liver

fBH bfhLffggllLss ekJ cly; cWggfspd; mi ktlljj
bj spthd gl AfSld; tptup

(m) talW

(M) fyyBy;

6 With neat diagrams explain in detail about the locations of any two Ying organs in our body.

VBj Dk; nuz L nd; (Yin) cWggfspd; mi ktlljj

bj spthd gl AfSld; tptup

7 Describe the functions of the EARTH element and AIR element.

eyk; Kyfk; kwWk; fhwW Kyfk; Mfpatwwpd; gz pfi s tptup

8 Explain medical terminologies of Respiratory systems.

Rthr kz lyjjpd; kUj Jt fi yrbrhwfi s tptup
